STATED MEETING

DIGGING UP DIRT ON YOUR ADVERSARY'S WITNESS and OTHER COOL STUFF YOU NEVER THOUGHT YOU COULD UNCOVER

Monday, February 22, 2016

5:15 pm - 7:45 pm

Impeachment can be the most effective means to blunt or even nullify the testimony of an opposing expert or lay witness. In order to be admissible the impeachment material must be material, relevant and accurate. How and where does one uncover accurate and admissible material to knock one's opposing witness "out of the box"?

Would you like to be able to uncover criminal convictions—license revocations—disciplinary proceedings—findings of moral turpitude—professional certification revocations—bias—prior inconsistent or contradictory statements—bad character—other damaging material??? Want to obtain deleted social media postings or video from traffic or red light cameras?

All of this, and more is available to any attorney...if you know where to look. Find out how and where you can uncover this exceptionally valuable material at this very unique and interesting presentation.
